## **Agri-Fab Introduces New Weed Eliminator**

**Efficiently and cost-effectively remove weeds without wasting chemicals**

Sullivan, IL – Agri-Fab, Inc. is excited to announce its new weed eliminator (model #45-0643) to customers looking for a cost-effective way to apply herbicide with minimal waste. Thanks to its gravity feed, homeowners don't need to worry about chemical drift or overspray as product is applied to the replaceable felt material that wipes over the weeds. With a 48" working width and a 6-gallon tank, weeds will be eliminated in no time with fewer refills and less waste.

“The weed eliminator efficiently delivers weed killer and is perfect for mid-to-large sized areas,” said Hilary Conner, Vice President of Sales and Marketing for Agri-Fab. “It quickly attaches to any brand riding mower with an adjustable hitch, so homeowners don't need to be concerned about compatibility.”

With a 3-year limited warranty and flat-free tires, you receive the added security that the Agri-Fab weed eliminator will keep your property looking pristine for years to come. You can find this and all our products at several online retailers or one of the many select Agri-Fab retail partners nationwide.

**ABOUT AGRI-FAB:** Agri-Fab, Inc., with locations in Sullivan and Decatur, Illinois, is an American manufacturer that has designed and manufactured lawn and garden attachments and equipment for consumers and commercial landscaping and lawn care companies since 1975.
